

Purchase unique toys and more for your pets and Home At Last Dog Rescue will receive 20% of your total purchase!

Glad Dogs Nation's adorable handcrafted pet toys started out as kid's stuffed toys. Volunteers sanitize them and replace anything hazardous with super cute touches. They hand sew the belly with a colorful spay/neuter stitch! The toys can be ordered with or without squeakers and with or without stuffing – all at a price below what you'd pay in a pet store so no one sheds a tear if the toy is ripped during play.

Of most importance is that **100% of their profits are donated** to [Glad Dogs Foundation](#) which supports & funds a variety of animal welfare initiatives including spay/neuter programs to curb pet overpopulation.

Now they are donating 20% of every purchase to **Home At Last Dog Rescue** when you use tracking code **HAL** at checkout.
